

How to save and share A4 fault reports using:

X431 PRO v3 / X431 PRO4 & PRO5 / X431 Eurotab 1 & Eurotab 2

1. Open the Launch X431 app on the device to view the main screen, select 'Diagnose'.

2. Select the manufacturer you want to diagnose. In this example I am selecting 'Demo'.

'System Selection'.

8. Your shop information will be filled out here automatically if you have already saved this into the device via 'User Info' > 'Settings' > 'Shop Information' from the main screen.

11. Once the report has been saved you can now press the 'share' option which will become selectable.

9. This is a preview of the fault report, in order to save this onto the device select the 'save' option.

12. Now select the app you want to share the report with. In this example the device has 'Gmail' 'Brother' and 'Samsung' apps available, if your share list is empty that means you haven't installed any additional apps.
