## X-431 IMMO PAD

### Vehicle key programming device

The X-431 IMMO PAD is a powerful all-in-one key programming and diagnostic solution designed to help locksmiths and automotive workshops work faster and more efficiently. Built on a responsive Android platform with high-performance hardware, it delivers reliable performance for everyday vehicle security and programming tasks.

Designed to improve workshop productivity, the X-431 IMMO PAD helps technicians save time on key programming, immobiliser functions and vehicle procedures while reducing the need for multiple tools. With wide vehicle coverage, advanced programming capabilities and SERMI-ready secure access to vehicle security functions, it supports independent garages in confidently servicing modern vehicle security systems.

## ALL ADVANTAGES AT A GLANCE

- ✓ Advanced reprogramming capabilities
- ✓ Wide vehicle coverage & powerful diagnostics
- ✓ High efficiency through ease of use
- ✓ Combines diagnostics, coding and programming
