

12 SERVICE FUNCTIONS

X-431 PRO SE

Advanced Diagnostics. Simple. Fast. Reliable.

ENTRY INTO THE X-431 PRO SERIES

The X-431 PRO SE is a modern diagnostic solution and represents the ideal entry point into the professional X-431 series.

Thanks to its advanced features, fast performance, and intuitive operation, it efficiently supports workshops in daily vehicle diagnostics – from basic checks to more complex service tasks. Its compact design and wireless communication with the vehicle ensure maximum convenience and efficiency during operation. **Please note this model is not compatible with a security gateway pack.**

ALL ADVANTAGES AT A GLANCE

- ✓ 12 months of software updates
- ✓ 12 service functions
- ✓ CarSET database (optional add on)
- ✓ ADAS system compatibility (dynamic only)
